

(1) Pre-planned Decomposition

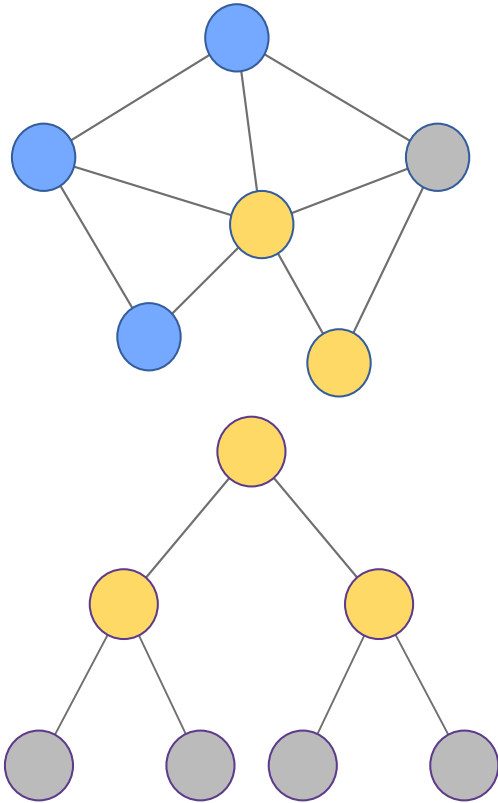

Pre-decompose the question into a fixed sub-question sequence

State carrier:  
Fixed sub-question  
sequence

(2) Explicit Structured State

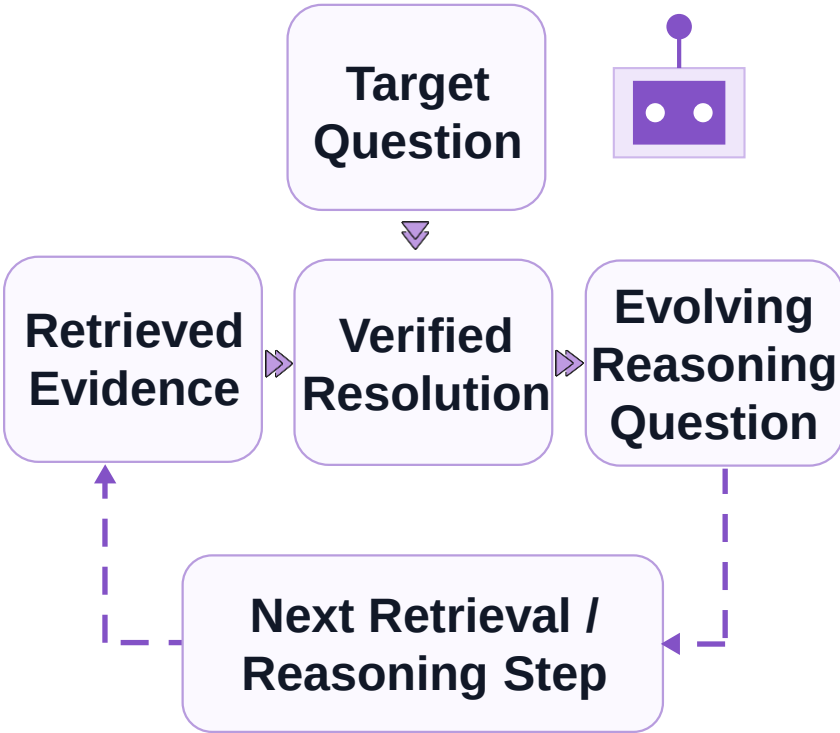

Maintain an explicit graph or tree to organize multi-step reasoning

State carrier:  
External graph/tree

(3) Question-State Update (Ours)

Maintain an evolving question as the current reasoning state

State carrier:  
Evolving natural-  
language question
